guarantee 6.
The Custodian Country will take all necessary measures to assure that the material while in its custody will be used solely for the purposes set forth in paragraph 2. Further, to the best of its ability, it will take all reasonable precautions that none of the material will be used (i) for any purpose which is indicated by the [REDACTED] authorities to violate [REDACTED] military and/or economic interests (including patent rights), or (ii) for any purposes which otherwise, in the opinion of the Custodian Country, would violate such interests.
